YESTERDAY'S PRIMARY

As was predicted by the Record-Herald, Councilman R. L. Fernald's candidacy for re-election was eliminated from further consideration by the electors at yesterday's primary election. He was next to the lowest man among the candidates, the lowest being Isaac McGuffin, who lost out because of his lack of acquaintances and not because of his unpopularity among those who know him.

Mayor Lane was the high man and he was closely followed by M. H. Carey and R. E. Slattery, the two latter polling excellent votes. Hays and Scott were both close seconds, with Cushing coming under the wire with a good margin to spare.

Close students of matters political in Richmond declare that the vote received by the Mayor yesterday will not carry him through the general election and make him one of the successful candidates. It is argued that while but forty per cent or thereabout of the votes registered yesterday were cast, the Lane vote all turned out at the polls yesterday to secure his nomination, and that his adherents traded off both Thornton and Thayer to gain that end. In other words, it is believed that Lane will not get many more votes in the general election than he received at the primary.

And the same thing is not true of the other candidates, who will draw from those who went down in defeat, according to those who are inclined to analyze matters. The Mayor's supporters were out in force yesterday, and worked early and late, and it is figured that he will not benefit a great deal in the number of his votes with the increased number who will go to the polls at the general election.

M. H. Carey has cause to be proud of his vote, and his friends will doubtless rally to his support in May and elect him councilman. As to who the others will be it is difficult to determine at this early stage of the campaign.

THE BIG DEMONSTRATION

Last night's demonstration indicates that Richmond's enthusiasm for finishing the war has not in the least diminished, but she will continue the work as long as there is one of our boys on the other side of the ocean. There was a splendid turnout of soldiers and a splendid turnout of civilians in the parade, and to take part in the grand pageant from the sidelines. It was by far the greatest demonstration ever witnessed in Richmond, and proclaims loudly that Richmond is going over the top in her subscription for Victory bonds.

Of course the people at home were glad to greet the boys returned from the war, which was demonstrated when Sergeant Ros-Calfie arose to speak, the big crowd cheering him vociferously. Sergeant Calfie is not an orator, but he knows how to tell things in a plain, matter of fact way that drives home any truth he wishes to impart. He described the life of a fighting doughboy from the time he entered the service until he came home, and told of his great desire to return to his civil duties after he had finished his task in the fighting zone. Sergeant Calfie was received in a wholehearted manner and told many things the people were anxious to hear.

Boston has not as yet been able to obtain a reduction of the 7-cent street car fare. A while back Boston turned her harbor into a huge teapot when charges were boosted, but there's a difference between tea and transportation.

Lenine predicts that all Germany will be Bolshevik by May 18. Should this happen, it is assumed, of course, that he will be the new ruler. That ought to satisfy even those radicals who think Germany's punishment has not been severe enough.

The former Emperor of Austria and of all the little Austrias has gone to Switzerland to live. Perhaps he will take up mountain

climbing as a pastime. It's a sure bet that he is going to have plenty of spare time to practice.

"Some," says a commentator on feminine modes for spring, "favor the single straight panel down the back, but others prefer the hanging panel." What is your idea? It's a nice point and we don't care to make a decision.

They're off! No, not quite. At present they're only jockeying, but the start of the across-the-Atlantic contest is imminent, and daily more and more of the eager flyers are lining up at the barrier.

Having, perhaps, heard that music has charms calculated to allay savagery in the human breast, that musician who laid aside his fiddle and shot the man who was dancing with the violinist's girl, evidently was determined not to give the music a chance.

Emperor Charles says that he never "renounced" the Austrian throne. This is probably true. From all accounts both Kaiser Bill and he left in a great hurry.

THOMPSON SEEDLESS GRAPES
 This variety of fruit is one of the most profitable that is produced in the San Joaquin Valley. It can be shipped green to eastern market, also be made into raisins. Vineyards of Thompsons in the Fresno district are selling for from \$750 to \$1,500 per acre. Escalon is deal for Thompsons. This is fully demonstrated by a number of full-bearing vineyards in that locality. You can buy land at Escalon, plant and have cared for a Thompson seedless vineyard up to full bearing for less than \$350 per acre, when it will pay that much per acre per year. Keep your job in Richmond until you want to retire, then you will have a sure income the rest of your life. Investigate Escalon district.

NORMA TALMADGE IN DELIGHTFUL DRAMA TODAY

Norma Talmadge will be seen at the Richmond Theatre today in her latest Select Picture, *The Heart of Watona*, in which she is presented in the role of a half Indian girl, by Joseph M. Schenck. The story is directed by Sidney A. Franklin.

Watona, the daughter of Quannah, chief of a tribe of the Comanches, is chosen to act as vestal virgin at a Corn Dance to be given in connection with some ancient rites that the tribe is contemplating holding. She refuses to accept the offer, saying that she is not fit to bring food to the Holy Spirit. She tells her father that no girl that has loved the way she has is worthy of such an honor. Her father is amazed. For the first time he realizes that his daughter is not the kind of a girl she ought to be. Watona's mother was a white woman, and in accordance with her

BLAKE OUT AFTER MOSQUITOES AND HOUSEFLIES

Dr. Charles R. Blake, health commissioner, is on the job and is out after the flies and mosquitoes. He has bought a new oil spraying machine and began his war against the mosquitoes a month earlier than usual this year, because they began to hatch out in the water pools much earlier than usual.

The Health Department has also set out a large number of fly traps to keep down this pest as much as usual in the city, and the employees are doing all in their power to make the city a delightful place in which to live, by eradicating insect pests, so far as possible.

All the stagnant water pools about town have been sprayed with oil, and another spraying is due along this time of the year, for the mosquito is a tenacious fellow and dies exceedingly hard. However, he does not like crude oil, and cannot live long in its vicinity.

COUNCILMAN GERLACH TO RETURN SATURDAY

Councilman Gerlach, who went south a few weeks ago on account of his health, is expected to return home the latter portion of the week. He is greatly improved in health, and will be ready to get back into the harness with renewed vigor as soon as he gets back to Richmond.

TAKE SALTS TO FLUSH KIDNEYS

Eat less meat if you feel Backache or have bladder trouble.

Meat forms uric acid which excites and overworks the kidneys in their efforts to filter it from the system. Regular eaters of meat must flush the kidneys occasionally. You must relieve them like you relieve your bowels; removing all the acids, waste and poison, else you feel a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine is cloudy, full of sediment; the channels often get irritated, obliging you to get up two or three times during the night.

To neutralize these irritating acids and flush off the body's urinous waste get about four ounces of Jad Salts from any pharmacy; take a tablespoonful in a glass of water before breakfast for a few days, and your kidneys will then act fine and bladder disorders disappear. This famous salts is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to clean and stimulate sluggish kidneys and stop bladder irritation. Jad Salts is inexpensive; harmless, and makes a delightful effervescent lithia-water drink which millions of men and women take now and then, thus avoiding serious kidney and bladder diseases.—Adv.

HOME COOKING SALE.

IRELAND IS A NATION

Her boundaries have been fixed by God.

She is larger in area than either Holland, Denmark or Switzerland.

She is almost three times as large as Belgium.

Her population, though halved by misgovernment, is greater than either Norway, Denmark or Switzerland.

Sweden is the richest of the independent small nations. The annual trade returns of Sweden, for 1915, were \$375,000,000.

The annual trade returns of Ireland, despite foreign rule, for the same year, were \$862,000,000

The cost of government in Denmark, the most expensive of all small nations, was approximately \$47,500,000 in 1918.

That was the price of LIBERTY.

Mass Meeting Tonight, Richmond Club House, 1125 Nevin Avenue

Judge I. Golden and M. J. McGuire Noted Labor Leader and Rev. A. J. Carroll of Oakland will Address the Meeting

The cost of misgovernment in Ireland for 1918 was 30,000,000 pounds sterling, or approximately \$150,000,000.

This is the price of slavery.

British statemen have talked years that Ireland is a poor country, without resources and governed at actual loss to the British Empire.

The cost to the British government for government in Ireland in 1918 was \$60,000,000.

The profit to the British government, wrung from the Irish people, was \$90,000,000.

William E. Gladstone, Premier of England, appointed a commission composed mostly of Englishmen to investigate the financial conditions of Ireland.

After years of investigation this body reported that Ireland, since the "Act of Union," had been *overtaxed* 2,500,000 pounds yearly, would which mean for the whole period the astounding sum of \$1,500,000,000, and for over-taxation—not taxation.

These are some of the reasons that in December 1918, prompted the Irish people, by a vote of 1,012,353 for and 89,000 against, to self-determine for complete independence,

These are some of the reasons for the IRISH FREEDOM FUND.

Lemon and mace flavor

How to make them—Cream sugar and shortening together, add well beaten egg. Then add milk. Next mix in flour and baking powder well sifted together. Work dough as little as possible. Turn out on well floured board and roll out quarter inch thick; cut with doughnut cutter and fry in boiling hot fat.

This is one of the many famous Calumet recipes, furnishing America's tables with more delicious bakings. Cut out and paste in your recipe book for future reference.

Observe This

When you buy a pound of Calumet you get a full pound—16 oz. Some high priced baking powders are now being put on the market in 12-oz. cans instead of a pound. Be sure you are getting a pound when you want it. No short weights with Calumet.

WOMEN! DRY CLEAN THINGS AT HOME

Try it! For a few cents you can dry clean everything.

Save five to ten dollars quickly by dry cleaning everything in the home with gasoline that would be ruined by soap and water—suits, coats, waists, silks, laces, gloves, shoes, furs, draperies, rugs—everything!

Place a gallon or more of gasoline in a dishpan or washbowl, then put in the things to be dry cleaned, then wash them with Solvite soap. Shortly everything comes out looking like new. Nothing fades, shrinks or wrinkles. Do not attempt to dry clean without Solvite soap. This gasoline soap is the secret of all dry cleaning.

A package of Solvite soap containing directions for home dry cleaning, costs little at any drug store. Dry clean outdoors or away from flame.
